SHORT DESCRIPTION

Experience this full day private tour that will take you to the cities of Braga and Guimarães, both elected UNESCO World Heritage Sites. Considered the two gems of the Minho region, in the North of Portugal.

LONG DESCRIPTION

The pick-up will be made by your expert guide at your accommodation at 9 am with full sympathy and professional rigour. Fasten your seatbelts and get ready to discover two emblematic places in the Minho region, brimming with monuments and secrets, so important in the history and present time of Portugal.

In the first chapter of this private tour, we will head for Braga – the capital of Minho and a city with over 2000 years of history – where you will be able to explore all its heritage, everything that is precious and even considered a relic.

As a religious tourism destination, this exclusive tour will begin with a visit to the famous Bom Jesus do Monte Sanctuary. It is extremely well known for its long staircase with 573 steps, decorated in a characteristic way, more precisely with several baroque features. In addition, you can enjoy the marvellous view that surrounds you once you reach the top of the stairs. You can take photos and videos to share later.

Then we will descend into the city centre to discover the best of this young city with modern dynamics. We include a guided walking tour through the city's streets, main monuments and points of interest, including the magnificent Santa Barbara garden which is covered with colour and perfume.

Benefiting from the most religious and historical side of the city, you will also have the opportunity to go on a guided tour to Braga Cathedral – or Sé de Braga – which is the oldest cathedral in the country, since it was begun to be built in 1089 on a site that was previously a Roman place of worship. This cathedral mixes several types of architectural styles, giving it an even more unique look, and it holds the tombs of the parents of King Afonso Henriques, the first king

of Portugal.

You may take a break and relax in the centre of Braga while enjoying a traditional lunch (included), that will bring you closer and connect you even better with the whole gastronomic culture of this land. You can also enjoy your free time in this dazzling historical and lively area of the city, marvelling at the architectural details and the vibrant atmosphere that Braga radiates.

Afterwards we will continue towards Guimarães, which has been a World Heritage Site since 2001 and is the city where Portugal and the first king, Afonso Henriques, were born.

We will make you feel part of royalty through a dedicated visit to Guimarães Castle itself, which is seen as a symbol of the beginning of Portugal's history. And you will understand its importance by following the presentation made by your exclusive guide, who will have much to unveil to make you travel back in time to the 10th century.

And to learn even more about the "Cradle of Portugal", of course a walk through the iconic city of Guimarães could not be missing, namely its streets and endless details, with a stop at São Tiago Square and Largo da Oliveira.

Where you will find the Church of Nossa Senhora de Oliveira, a beautiful example of the Romanesque style of architecture. It is in this historic space and during your free time that you can enjoy a stroll, have a drink or relax on a terrace, while glimpsing the beauty of the squares remembering them with the last photos of this trip.

SHORT DESCRIPTION

Enjoy a private tour of Fátima and Coimbra, two iconic cities in Portugal, rich in history, culture, and stunning landmarks.

LONG DESCRIPTION

The starting point of this full-day private tour will be at your accommodation in Porto, where you will meet your private guide who will take you on this awe-inspiring experience.

We will embrace this journey by starting the excursion with a first stop at the renowned spiritual center of Portugal – one of the most famous Catholic pilgrimage sites in the world – that is, Fátima.

The holiest and most serene aspect of this private trip consists of visiting the Sanctuary of Fátima – a sanctuary devoted to Our Lady of Fátima – which will provide you with great peace and immense curiosity about the apparitions of the Virgin Mary and its surrounding history. Within this Marian sanctuary, you can also find historical buildings such as the Basilica of Our Lady of the Rosary, the Chapel of Apparitions, and the more recent Basilica of the Holy Trinity.

The next tourist spot on the itinerary is included to make your Fátima experience even more vivid and profound. By visiting the House of the Three Shepherd Children, we can get to know the stories of the three children who witnessed the "miracle" of the apparition of the Virgin Mary. You will be able to see with your own eyes the environment in which the children grew up and discover what the daily life of the population was like during that time, as all of this took place in the 20th century.

After all these visits with a great focus on the cultural and religious knowledge of Fátima, we will venture into an explosion of flavors and a moment of tranquility by tasting traditional dishes and sweets from Portuguese cuisine in a cozy, comfortable environment with attentive service.

After lunch, it will be time to enjoy a second stop on this private excursion, now in Coimbra – a medieval and university city. Since this is the famous "city of students", it is crucial to visit the emblematic University of Coimbra – a building that corresponds to the main reason why this city became extremely well-known. We will, therefore, discover more about the life and traditions of the students that permeate this university. It is precisely the oldest university in Portugal and one of the oldest in all of Europe. You will also be able to enjoy the beautiful views of the Mondego River. Next, visit the historic center of the city, particularly its narrow streets and squares, along with several other characteristic and ancient buildings, churches, walls, and monuments, such as the Arch of Almedina that marks the boundaries of the old city, the Quebra-Costas staircase, and the Church of Santa Cruz.

After the visit to the capital of central Portugal, we will return comfortably and safely to Porto, where we will conclude this exclusive tour of two of the main Portuguese cities.

Join us on this private tour and discover how human hands have shaped the renowned wine region of the Douro Valley. A natural touristic destination for the true lovers of wine culture and nature that will leave you completely mesmerized with all its authentic and historical beauty.

LONG DESCRIPTION

Your full day private tour begins with a meet & greet with your expert guide just outside of your lodging in Porto. The transport will be in a comfortable minibus, with air conditioning and even a bottle of water.

As we head towards the Douro Demarcated Region, you can delight yourself with a relaxed visit to Amarante. Here you will have the opportunity to contemplate its historic centre, with its various monuments of great cultural importance, always in the company of your specialised guide. Notice particularly the Bridge and S. Gonçalo that stands over one of the tributary rivers of the Douro, the river Tâmega and explore the Church of S. Gonçalo of the 15th century and its Balcony of the Kings where you can see statues of four monarchs – D. João III, D. Sebastião, Cardinal-King D. Henrique and D. Filipe I.

While gazing at the scenery surrounding you, you can also take advantage of your free time to delight yourself with typical pastries from this area (additional cost) such as Foguetes de Amarante, Brisas do Tâmega, Papos de Anjo and the famous São Gonçalos.

To bring even more fascination to your eyes, we now proceed towards São Leonardo de Galafura – the most stunning viewpoint in the Douro – where you will want to be totally immersed in all the beauty of this natural landscape that surrounds you and stands over the River Douro. As stated by the poet and writer Miguel Torga about the Douro in one of his books – "it is not a panorama that the eyes contemplate: it is an excess of nature". The perfect place for

photography lovers!

The Douro Valley is classified as a UNESCO World Heritage Site since 2001 and is the oldest demarcated and regulated area in the world. In this emblematic area of the Douro Valley you will witness how the landscape unveils a perfect blend between the natural evolution of the place over the years and the charms carved by human hands, such as the terraces.

Along the way towards the lunch stop, you can pose questions to your expert guide, or listen to the various curiosities concerning this wonderful region. Upon arrival you will be able to relish in the gastronomic dishes of the area, as well as be surprised by the local atmosphere that will be surrounding you during your lunch break.

After lunch, we will proceed to an activity that will leave you completely overwhelmed with the Douro's panoramic beauty. Through a pleasant 45-minute panoramic cruise on the Douro River (shared with other participants). Relax and contemplate the scenery full of vineyards, vegetation and local houses, which seems to have been taken from a piece of art.

After the cruise on the Douro River, enjoy a short stop in the historical village of Pinhão – the geographical centre of the Douro. Apart from the natural beauty, the local commerce and the handicraft shops, you must also visit the town's main tourist attraction, the Railway Station, built at the end of the 19th century. Attraction characterised by more than 3000 tiles in shades of blue, which bring life and colour to this station and which aim to recreate scenes, customs and the history of the region.

After all these outstanding experiences, you will also take part in a shared guided tour and a tasting of selected wines at a local winery. Immerse yourself in the history that this winery has to share with you through its origins, its owners and how the winemaking method works. After this short tour of the farm, you can taste selected wines and exchange opinions on the different flavours and qualities. All this in a cosy and friendly atmosphere.
